All, Unfortunately the EPA invitees and I now have a scheduling conflict with this conference call and therefore we must cancel.

**Please note** that we are hoping to release the Proposed Plan for Lower Ley Creek to the public in the very near future. **But before we can proceed**, as mentioned in our previous conference call, **we still need** the clarification of the O&M costs listed in the Town of Salina landfill proposal and the clarification and more detail on the construction and O&M costs for the Cooper Crouse-Hinds landfill. Please send these to me as soon as possible.

If there are any questions, we can set up another conference call at a later date.

Thanks, Pam
